

Audubon Landing

ASSOCIATION, INC.

As summer approaches and more Residents begin using the Pool Area, we'd like to take this time to remind everyone of the updated rules and to ask for your support in keeping the Pool Area safe and enjoyable for all. Please be kind to other Residents who maybe sharing in the relaxation the pool area provides. With our Pool being smaller than the West Meadow Community Center Pool, we ask that you follow the rules closely. If you are supervising your children, or have invited guests, please be considerate to others. If you see a Safety issue, or Pool Rules being violated, please address it at that time. As a Resident of our Community, we are all responsible for the wellbeing of those around us. As always, please alert an HOA Board Member so the issue can be fully addressed. Thank you and enjoy your summer.
