

## *Audubon Landing's Special Meeting*

### **Q & A with the City of Tampa, Planning and Urban Design**

Speaker - Mary Danielewicz~Bryson - Forester Examiner

When - Tuesday - June 18, 2019

Where - West Meadows Community Center

Time - 6:00 pm

**Mary Danielewicz-Bryson** has already walked the perimeter of our Community and reviewed the areas behind our Villa's. She is prepared to answer the questions of what we can and cannot do with those areas. The areas behind our Villas are protected. It is limited in what can be done behind them. Some tasks will require a permit in order to be completed others will be restricted due to environmental concerns.

Some areas of question may be directed to another City of Tampa or Florida State Department.

Please be prepared with the questions you may have, and the location of your Villa for the City of Tampa Representative to advise you on your specific concerns.

**Thank you,**

**The Audubon Landing BOD**

Please contact Debby Amon with any questions.
